Visit us in Oakland, CA at the DFI 40th Annual Conference

Plan to visit us at **Booth 708** during DFI's 40th Annual Conference on Deep Foundations, October 12-15, 2015, at the Oakland Marriott City Center in Oakland, Calif.

What to expect:

The **Con-Tech Systems** exhibit will have a special focus on our **HRTB Solid Hot Rolled Thread Bar**, made in the USA. Make sure to come see us!

As a DFI member, we are looking forward to exhibiting at the 40th Anniversary of this landmark event. An anticipated 1,000 industry professionals from across the globe will gather and share experiences, exchange ideas and learn about the current state-of-the-practice in deep foundations. Engineers, contractors, manufacturers, suppliers, owners, government agencies and academics will meet in Oakland to attend informative technical sessions, visit exhibits showcasing the latest innovations in deep foundations technology, participate in technical committee meetings and enjoy networking events.

This year, there are a record 150+ exhibitors. The Exhibit Hall is open Tuesday, October 13 from 7:00 am to 8:00 pm; Wednesday, October 14 from 7:00 am to 4:00 pm; and Thursday, October 15 from 7:30 am to 11 am.

Join us! We look forward to meeting you in Oakland!
